

Developing and Managing Department In-service Training

Hours: Sixteen

Seminar Synopsis:

Inservice training does not minimize department and officer liability; effective and well managed inservice training minimizes liability. This informative seminar provides training officers and training managers with a detailed understanding of inservice criminal justice training. The following are the topics covered:

- Dynamic simulations
- Scenario based training
- Adult learning concepts
- Developing safety protocols
- Documenting inservice training
- Developing inservice instructors
- Inservice liability training issues
- Training curriculum development
- Supervisory use of force debriefing
- Identifying inservice training needs
- Maintaining inservice training records
- Integrated less-than-less force training
- Evaluating inservice training programs
- Developing inservice training courses and programs
- Developing performance objectives and testing instruments
