

# Patrol Response to an Active Shooter Instructor Course

**Hours:** Sixteen

**Enrollment Cap:** Twenty-Four

**Applicable to:** Law Enforcement Officers

## **Course Synopsis:**

This course is based on the NTOA active shooter training program. It offers information and training in search, containment, and neutralization tactics and techniques for an Active Shooter, designing Active Shooter search, containment, and neutralization exercises, and conducting realistic Active Shooter scenarios. This program offers active shooter tactics for any size law enforcement agency. Participants receive a complete instructor manual, PowerPoint presentation, and instructor certification. The course offers instruction in the following topics:

- Search Tactics
- Crowd Management
- Extraction Techniques
- Instructor Development
- Tactical Problem Solving
- History of Active Shooters
- Active Shooter Simulations
- Shooter Neutralization Tactics
- Single Officer Response Tactics
- Two Officer Response Team Tactics
- Multiple Officer Response Team Tactics
